

## TESTIMONIAL: FRANCOIS SNYMAN

Date enrolled at Thomas More College: January 2012

December 2016

### Class Teacher Comment:

Francois Snyman wrote the 2016 Independent Examinations Board National Senior Certificate Examinations.

Francois is an intelligent young man who is very mature. He has an excellent set of values and developed a small group of like-minded friends. His manners are impeccable and he was a pleasure to teach.

Francois has a phenomenal mind and has actively nurtured his intellectual development by independently finding ways to extend himself. He is a proficient programmer and won the subject prize for Information Technology. He tied for first place in Kwa-Zulu Natal for the South African Computer Olympiad and participated in the final round in Cape Town.

We, at Thomas More College, wish him everything of the best for his future endeavours.
